

## IN POINTED PARAGRAPHS

### Odds and Ends Picked Up on the Highways and the Byways.

A party of railroad surveyors are at work near Clark's.

Yesterday was low and motion day in the District Court.

Fair weather and light northerly wind forecasted for today.

Material for the new Riverside hotel is already arriving on the ground.

Leon M. Hall, the Comstock electrical engineer, passed through Reno yesterday.

There were at least twenty Tonopahans on the train from the south last evening.

Officer McNelly is acting as chief constable during Charles Leeper's absence from the office.

Miss Anna Robb of this city has been reappointed as teacher of the South Fork school in Elko county.

Miss Harriet of Carson spent yesterday in this city. She came down to place her sister in the convent.

The huge castings for the new quartz mill at Wellsford were loaded on trucks yesterday and conveyed to the mine.

J. A. Fitzgerald has reopened the Palace reading rooms. Marion Bros. supply the chairs in furnishing the music.

Colonel Beale, who suffered a relapse a few days ago, has rallied and seems on the road to permanent recovery.

Miss Maudie Humphrey and John Melton have returned from Sierra Valley to resume their studies at the University.

V. E. Mott of Elko, Elko county, was in Reno yesterday. He was on his way to San Francisco to have his eyes treated.

The latest thing in the line of calendars is now on hand for this year, with the compliments of the A. W. Johnson Co., Reno.

Frederick and Maria Pale at the J. J. Becker.

**Water Grabbers Making Reno Suffer.**—The old electric plant was put into commission again last night and the town was flooded in a blaze of glory from the long idle area.

The suspension of illumination from the main lights for an hour last evening was due to the Truckee running up stream for that period of time and the lack of adaptability of the turbines to correspond with the changed environment.

The milling company up at Truckee thinks it owns the river throughout its entire sinuosity from lake to lake, with the two inland seas thrown in.

Water is shut off and turned on whenever the Truckee people wish it.

**Severe Criticism.**—It required the tragedy of Thursday night to awaken the complacent and unappreciative citizens of Reno to the fact that the city's peace is guarded by a faithful, zealous and fearless lot of officers. As to whether their efforts are properly seconded by the prosecution, that is a matter that is so patent it needs no comment from the Journal. Harsh criticism is heard everywhere.

## Move for Law and Order.

Messrs. Reynolds, Fallon and Downing, three of the first street saloonmen, made a proposition to the police authorities yesterday that if an officer would be detailed to patrol that district alone, his salary would be paid by subscription raised there. The proposition was accepted and Frank Brundage, one of the most trusty men on the force, was assigned to that detail. Within fifteen minutes \$55 a month was subscribed. This amount will be raised to \$90 today. In addition, the committee, at their own expense, had a street light placed in the center of that district yesterday.

There seems to be an effort on the part of the better inhabitants of the red-light district to comply with the law and compel the others to do likewise.

## More Than a Mile of Steel Laid in a Day.

One day last week 6,200 feet of track was laid on the N-C-O extension. The steel layers are advancing at the rate of about a mile a day.

If the present good weather continues for two weeks longer the iron horse will then beat Madeline, fifteen miles north of Terman.

General Traffic Manager Crowley reports business good over the road although this is the dull shipping season. He says that shipments of wool and apples and other products will soon be made in considerable quantities to the Planigan warehouse company in this city.

Next season the management expects to lay considerable more track. Lakeview, Oregon, is the immediate destination. This point is nearly a hundred miles north of Terman. The road will probably go via Alturas.

## HAPPENINGS OF A DAY

### Yesterday's Occurrences in This City and Locality in Brief.

Rev. Charles E. Chase, pastor of the Congregational Church, has taken rooms in the residence at 413 South Virginia street, opposite the Lake Mansion.

Miss Alma Goble, Miss Adolphine Fitch, Miss Nellie Casler, Claud Eber and Harry Casler have returned from Elko to re-enter upon their studies at the University.

## Officer Leeper is Better.

At 2 a. m. The Journal was furnished with the following report by Nurse Dalsell:

Mr. Leeper passed an excellent evening. He was in good spirits and suffered little pain. At 11:30 he fell asleep without having opiates administered. At this hour he is resting peacefully. At 11 his pulse was 96, his temperature, 99 and his respiration, 21. In all three of these conditions marked improvement is shown over yesterday.

The following telegram was received from the Chief of Police at Sacramento:

C. H. Leeper, Constable, Reno Nev: Accept sincere regrets of this office, hopes for your speedy recovery.

JOHN R. SULLIVAN, Chief of Police. To F. H. BROWN, Reno:

Am very sorry to hear about Charles Leeper and sincerely hope they will catch the negro and administer suitable punishment.

D. R. DAVIS, Victoria, B. C. Assistant Mr. Western Union Tel.

## Henry Riter's New Cold Storage Plant.

Henry Riter has contracted for one hundred cords of wood for fuel for his new cold storage works. The plant is nearly in shape for beginning operation. It is now being set up on two days' notice.

Mr. Riter is sparing no expense to make this a perfect storage plant. He used half a mile of piping in the building, which is of brick and perfectly insulated. A large amount of space has already been engaged.

## The News Sued.

The Carson News is in trouble. It had the temerity to say something or other about Judge Mack regarding his refusal to allow another judge to take his place in the trial of some case or other some time or other ago.

The scribe has such a paucity of date to refer to at this writing that the above is as nearly as possible the full facts in the case. Judge Mack now begins criminal prosecution against Messrs. Dunn and Lemmon.

Work on the oil well at Elko has been abandoned until spring sets in. It is said that the Hesperian company will then resume sinking.

A Pennsylvania railroad official has compiled statistics showing that 150,000 freight cars were built in this country last year.

## Two Victims of the Stage Accident.

Bulle Ross and Jack Madigan, two of the persons injured in the accident to the Tonopah stage Wednesday night, were brought to Reno last evening and will be kept at the Clarendon until they recover, when they expect to return to Tonopah.

Mr. Ross is badly bruised, although no bones are broken. His injuries are serious, but not serious. Mr. Madigan is suffering from a broken arm. The only other passenger who was seriously injured was a little child of Mr. Stauss of Tuscarora.

There were ten passengers in the stage. Fourteen miles from Scovelville on the grade the brake failed to work and the stage ran onto the horses. They ran away, but the driver kept them in the middle of the road. Finally the stage turned over.

## NOT A CANDIDATE.

A letter said to have been received in San Francisco from John P. Jones, of New York and Santa Monica, he stated that he would soon announce his non-candidacy for re-election as a United States Senator from Nevada. Such an announcement on his part would be extremely touching when it is considered that there is no more likelihood of his being elected Senator than there is of his attending to the duties of his office during the remainder of his term. But it is not to be supposed that Jones will retire without making an effort to name his successor and this announcement will be awaited with some interest.—Silver State.

If Senator Jones has so determined it is creditable to his sense of propriety and good judgment. It is evidence of his realization of the fact that he has no longer anything in common with the people of Nevada and that his candidacy would be an imposition and an insult to their intelligence. So far as naming his successor is concerned, he possesses as little power as the most obscure citizen of New York or California, and we credit him with sufficient sense to believe that he will make no foolish attempt in that direction.

## THE TWO CANAL ROUTES.

IN ITS report on the isthmian canal, the Walker Commission while it was favorable to the other route, admitted if the route through Panama could be purchased of the French company at a reasonable figure, it would be less expensive in construction and maintenance than through Nicaragua. If the Panama company had offered to sell for \$40,000,000 before the report was made, it is generally admitted that the offer would have been accepted. The price named, however, was made higher, and now any advocacy of the Panama route arouses suspicion that it is a device of the railroads opposed to the construction of any canal. The stockholders of the French company are now willing to sell for \$40,000,000, and perhaps less. There are many advantages in the Panama route. If the United States should buy out the French company it would have an unquestionable claim to the territory through which the canal would pass and would have no other claims to settle. On the Nicaragua route there has been a large amount of money expended by private individuals and corporations, and the government will be asked to reimburse the projectors, though the work they have done now amounts to nothing. There is also one or more syndicates, owning land through which the canal will pass which they are supposed to have bought for the express purpose of getting a high price from the government. It is evident that there is likely to be a vast expenditure beyond that estimated by the commission and although the Nicaragua route will evidently be selected it is questionable, if all things considered, the Panama would not have been preferable. If the canal is built on the former route there will be abundant opportunity for corruption.

## LET THE LAW PREVAIL.

WITHIN the last few days, since the perhaps tragic occurrence of last Thursday night, there has been a spirit manifested by some well meaning, but over-impulsive persons, which if exploited would seriously detract from the good name and welfare of our community. There is no county on the Pacific coast or elsewhere for that matter, where the machinery of justice is in better order than here in Washoe, or where the facilities for the administration and execution of civil and criminal law are superior to ours. No fault can be found with our District court, which has jurisdiction in all serious criminal offenses; our grand and trial juries perform their duties and evil doers as a rule receive their just rewards. There can be no excuse for exceeding the limit of the law in dealing with criminals in Washoe county, and all good citizens should promptly discontinue and rebuke any disposition to interfere with the legal administration of justice in our midst. It is true that in a disreputable quarter of the town matters have been carried with a high hand, but the suppression of or regulation of the rendezvous of the lawless element, would remedy the evil, to an extent at least of bringing it within the limit of the power of our police force and municipal ordinances and regulations. This can be done legally under the general laws relating to nuisances and disorderly resorts, and the public authorities should lose no time in making such provisions as will remove all cause or pretext for resorting to other than legal means or methods in dealing with public offenders.

## DIES HARD.

"HISTORIAN" MACLAY dies hard. He gets out because he is forced out. The peremptory order for his dismissal by the President makes a victory in the ranks of "laborers" at the Brooklyn Navy Yard. But MacLAY doesn't intend to go out without a contest. He says he cares nothing about the \$247 a day he has been receiving, but he has had a chance to study naval affairs at short range, which has been of advantage to his historical

work, and then begins, there is the principle of the thing. He secured his place after a civil service examination and has given satisfaction in his work as he believes, for he has been promoted since he was appointed. He insists that under the law he cannot be removed unless charges are preferred against him and he be given a chance to reply. He has called the attention of the civil service commission to the facts in the case and if the commission supports him, he will make a fight against removal. The President holds that he has a right to make exceptions to the civil service law and has paid no attention to MacLays defiance. Whether he has or not he ought to have. Censure of an officer of the rank of Dewey or Miles is punishment enough for any ordinary indiscretion. Censure for an employee in the navy yard would be no punishment at all. MacLays offense is not against naval regulations, but it was gross and should be punished. It should have been punished long ago. His retention all these months has been a scandal.

ON Christmas eve the unconquerable and uncatchable De Wet gave a surprise party to Kitchener at Zeofontein. Three companies of British yeomanry were "rushed" by him and two guns captured. "It is feared that the casualties are heavy" says Kitchener. Freedom dies hard indeed in South Africa.

IT IS said that Mr. Bryan cleared \$40,000 last year in his Commoner enterprise. It is a gratifying fact as evidence that clean journalism, backed by ability can be made to pay in the United States.

**MINING IN  
THIS STATE**

**Culled News of Nevada's  
Most Important In-  
dustry.**

The Olympic group of mining claims  
at Cherry Creek, White Pine county,  
has been bonded to C. E. Hayden of  
Colorado Springs for \$20,000.

A gold prospect was recently discov-  
ered by I. W. Johnson, near Cam-  
bridge, in Mason valley, from which  
assays of over \$300 per ton were ob-  
tained.

Levi's Frevort located a claim in Red  
Canyon last week, and brought in sam-  
ples of the ore, which shows high val-  
ues. It assays 24 ounces in silver, and  
carries considerable gold and galena.  
The ore body is exposed, and he ex-  
pects to begin taking out ore at once.

In the tunnel being run by Will Vir-  
gin near Genoa, progress has been very  
slow of late. The rock encountered is  
so hard that the miners have been able  
to make but 6 inches a day. It costs  
from 15 to 20 per foot to run it. This  
hard rock seems to be the casing to the  
vein, and they will probably reach the  
ore body after going through it.—  
Record.

The April Fool Mining Company of  
DeLamar, Lincoln county, has elected  
a new board of directors, with W. S.  
Godbe as president, J. D. Wood, vice-  
president; Simon Bamberger, treas-  
urer, L. D. Wertheimer, secretary.  
Tests are being conducted, with a view  
of working the ore from the mine  
more economically.

**NOW IS THE TIME**

To get in on the ground floor. A lim-  
ited number of shares in the capital  
stock of the Hesperian Crude Oil Com-  
pany will be sold in Reno for one-  
fourth of par value.

The first well is being sunk and the  
chances are almost conclusive of get-  
ting oil. This is the first oil well in  
Nevada. The general manager of the  
Company, A. Lowe, will call upon you  
in a few days.

The new oil field is located in Elko  
county, where are found immense beds  
of shale carrying more or less paraffine  
oil.

The fossil lime, which is there in  
large bodies, contains the same fossils  
of marine life and has the same smell  
of gas as has the lime that is found  
in the Pennsylvania oil fields.

**AT NOON TODAY**

Call at the J. J. Becker Saloon for a  
nice hot lunch with a glass of Fre-  
derickburg extra pale or a cup of vi-  
goral, celery beef, or tomato Bouillon.  
Just the thing for these cold days.

**A Few Gleaned Para-  
graphs of Nevada  
News.**

White Pine scrip has at last reached  
par.

A lodge of A. O. U. W. has been or-  
ganized at Wells.

Two Elko ladies have opened a pri-  
vate sanitarium in that town.

Winemucca is steadily growing.  
Its population is now estimated at  
1400.

The Herald is becoming settled in  
its new quarters and will soon have  
the nearest print shop in Nevada east  
of Winnemucca.

The rapid increase in Elko's popula-  
tion is shown by the crowded condition  
of the public schools, the attendance at  
which has almost doubled since the  
opening of the fall term.

John Martin Paughman, at one time  
a wealthy mine owner of Virginia City  
Nevada, was found dead near Tene-  
cal creek, Oakland, yesterday. His  
skull was fractured and several ribs  
were broken. Close by him was his  
overturned wagon, and his horse, with  
only its head under water was in the  
creek, drowned.

The annual meeting of the share-  
holders of the First National Bank was  
held at the banking office yesterday.  
The old officers and board of direc-  
tors were re-elected, as follows: Geo.  
S. Nixon, president; J. Sibbald, vice-  
president; F. M. Lee, cashier; J. Sib-  
bald, R. C. Moore, J. F. Clark, H.  
Busch, Geo. S. Nixon and F. M. Lee,  
directors.

**Chance to Acquire  
Treasury Stock.**

You should buy some treasury stock  
in the Consolidated Nevada Mining  
Company of Colorado Springs, thereby  
assisting in the development of the  
Wedge and Peavine districts and  
help swell the population of Reno and  
vicinity.

The Company is capitalized for \$200,-  
000, in 2,000,000 non-assessable shares.

The Company, as you all know, is  
working, and the prospects of getting  
a mine are good. Every trustee con-  
nected with the Company is working  
to make this one of the best paying  
properties in Nevada.

The Company offers only a small  
block of treasury stock at the low price  
of five cents per share.

Come in and help us make it worth  
a dollar a share.

**A WOMAN'S AWFUL PERIL.**

"There is only one chance to save  
your life and that is through an opera-  
tion," were the startling words heard  
by Mrs. I. B. Hunt of Lime Ridge,  
Wis., from her doctor after he had  
vainly tried to cure her of a frightful  
case of stomach trouble and yellow  
jaundice. Gall stones had formed and  
she constantly grew worse. Then she  
began to use Electric Bitters which  
wholly cured her. It's a wonderful

**NOTICE OF FORFEITURE OF MIN-  
ING CLAIMS.**

To Thomas Winegardner:

You are hereby notified that I, co-  
owner with yourself of the "Nora,"  
"Spanish Springs," "Prince" and  
"Thompson" Mining claims in Wed-  
ekind Mining District, Washoe county,  
State of Nevada, the certificates of  
location of which are recorded in Book  
"D" pages 1-3, Mining Records of said  
Washoe county, have performed for  
the year 1901, the annual labor re-  
quired under the provisions of section  
2324 of the Revised Statutes of the  
United States, upon each of said  
claims, and have duly filed with the  
County Recorder of Washoe County, a  
correct statement of the annual labor  
so done by me, and the same is of  
record in Book "D" of said Mining  
Records of Washoe county at pages  
403-404, to which record you are her-  
eby referred; that the work so per-  
formed consists of a tunnel seventy-  
five feet in length on the said "Nora"  
Claim costing \$250.00; a tunnel sixty  
feet in length and two shafts ten  
feet in depth on the said "Spanish  
Springs" Claim, costing \$200; a tun-  
nel eighteen feet in length and two  
shafts ten feet in depth on the said  
"Prince" Claim, costing \$100; and a  
frame building 12x15 feet for mining  
purposes on the said "Thompson"  
Claim, costing \$100.

That if you fail or refuse to con-  
tribute, as required by the above men-  
tioned section of the Revised Statutes  
of the United States, your proportion  
of the expenditure on said claims re-  
quired by said section, your interest  
in said claims shall become the prop-  
erty of myself.

**BRAIN-FOOD NONSENSE.**

Another ridiculous food fad has been  
branded by the most competent author-  
ities. They have dispelled the silly  
notion that one kind of food is needed  
for brain, another for muscles, and  
still another for bones. A correct diet  
will not only nourish a particular part  
of the body, but it will sustain every  
other part. Yet, however good your  
food may be, its nutriment is destroyed  
by indigestion or dyspepsia. You must  
prepare for their appearance or pre-  
vent their coming by taking regular  
doses of Green's August Flower, the  
favorite medicine of the healthy mil-  
lions. A few doses aids digestion,  
stimulates the liver to healthy action,  
purifies the blood, and makes you feel  
buoyant and vigorous. You can get  
Dr. G. G. Green's reliable remedies  
at Hodgkinson's drug store.

**SEEDS! SEEDS!**

In order to facilitate the delivery  
of seeds, Mr. Newlands requests all  
those desiring a quota of seeds next  
spring, to send in their applications  
at the present time, thus assuring an  
earlier delivery than would otherwise  
be possible. Address all applications  
to Francis G. Newlands, House of Rep-  
resentatives, Washington, D. C.

SYRUP OF FIGS, manufactured by the  
CALIFORNIA FIG SYRUP CO., illustrate  
the value of obtaining the liquid laxa-  
tive principles of plants known to be  
medicinally laxative and presenting  
them in the form most refreshing to the  
taste and acceptable to the system. It  
is the one perfect strengthening laxa-

**WOMEN AND JEWELS.**

Jewels, candy, flowers, man—that is  
the order of a woman's preferences.  
Jewels form a magnet of mighty power  
to the average woman. Even that  
greatest of all jewels, health, is often  
ruined in the strenuous efforts to make  
or save the money to purchase them.  
If a woman will risk her health to get  
a coveted gem, then let her fortify her-  
self against the insidious consequences  
of coughs, colds and bronchial affec-

## THE NEW AGENT HONORED

A Presentation to J. W. Williamson by Chico's Lodge of Elks.

Chico Lodge of Elks, in company with the leading business men and citizens of Chico, last evening presented to J. W. Williamson a fitting testimonial of their esteem and good will previous to his departure for Reno, Nevada, where he goes in a few days to become local agent of the Southern Pacific Railroad Company, says the Record.

The occasion was a most happy one and the outcome a complete surprise to Mr. Williamson. The Elks and representative business men were called to order at Masonic Hall by E. Meyhem, who called Mr. Williamson and Jo D. Sproul to the stand, and introduced the latter, who made the presentation speech. Mr. Sproul feelingly referred to the eighteen years of service of Mr. Williamson as railroad agent here and of his coming departure. In his capacity as a representative between a great corporation and the people, he had ever been faithful to his employers and careful, conscientious and painstaking with the people to the end that grievances were few and those that did occur, met with patient hearing and careful and certain adjustment. It was this, and his character as a man and a citizen, that had endeared him to all the people of Chico, and led them on the eve of his departure to present a token of esteem. Mr. Williamson responded briefly, but with feeling and deep appreciation. The presentation was a complete surprise to him.

The gift consisted of a magnificent gold open-faced chronograph watch, with fob and diamond locket, handsomely and suitably engraved. Later, refreshments were served in the banquet room and an hour of more was spent in toasts and good fellowship.

Mr. Williamson will leave Chico Sunday for his new position at Reno.

## NEVADAN TO THE RESCUE

A Battle Mountain Paper on how Reno's Future Is Assured.

The Virginia Report says it is creditably informed that the recent purchase of forty acres of land in the suburbs of Reno by the Southern Pacific Company is for the purpose of removing the passenger and freight depot to that tract when the straightening of the road is completed. If this plan is carried out, the present business center of the town will be deserted. The truth of the matter is this: The future possibilities of Reno make it necessary for the railroad company to have more room. A very rapid increase in Reno's population is looked for the coming year. There will be at a low estimate 400 new buildings erected during the year, and in a year or two Reno will have a population of from 12,000 to 15,000 souls.

From all indications the city's growth will be eastward and it will not be long before the Insane Asylum will be on the edge of the city's limits. Reno is to be a commercial city and the railroad company will require a lot of territory for long sidetracks, a large round-house. Reno will be the end of a railroad division and some date a terminal point. The shops will be located here in a few years without a doubt. There will be a good street-car system put in and all is coming sooner than people realize. Things are moving swiftly and surely and 1902 is going to be a year of great progress and prosperity for Reno.—Central Nevada.

## Journal Will Distribute Seeds.

Editor Journal—Having a large quantity of garden seeds subject to my order, I have directed the Department of Agriculture to send a bag to your address. I wish you would be kind enough to distribute them among the farmers and gardeners of your locality.

Very truly yours,  
FRANCIS G. NEWLANDS.

## TELEGRAPHIC BRIEVITIES

News of the World, Boiled Down for Quick Perusal by The Journal's Busy Readers.

It is believed that the arbitration difficulty in the Pan-American conference has finally been disposed of.

The Daily Mail claims the authority to deny that the British government has any intention of taking over the British Chartered South Africa Company at the conclusion of the Boer war.

Secret Service officers of Mexico have located H. J. Fleishman, the defuncting Los Angeles, Cal., banker, and are confident that they will have him in custody in a few days unless he flees to the United States.

The overthrow of the Castro reign in Venezuela, which now appears quite possible, will be followed by the dispatch of the entire North Atlantic fleet to the waters of that country. A British American naval representative will be at La Guayra.

The secret delegates in Holland evidently anticipate that some kind of peace agreement will shortly be made, though they are reticent as to the reason for this belief. They maintain, however, that the demand for an unconditional surrender must be abandoned.

The French Minister, M. Beau, refuses to present his credentials until China fulfills certain demands of the French Government. The joint audience of the foreign and new Chinese Ministers, which had been arranged, has been postponed because of M. Beau's action.

## IN THE HALLS OF CONGRESS

Yesterday's Happenings Under the Great White Dome at the National Capitol.

The sub-committee on Ships and Shipping of the Senate Committee on Commerce worked two hours yesterday over Senator Fry's ship subsidy bill.

The Senate Committee on Foreign Relations has appointed Forsaker, Fairbanks and Bacon as a sub-committee to consider the Alaskan boundary question.

Representative Ehl, of Rhode Island, has introduced a bill in the House making an appropriation of \$50,000 for the erection of a monumental statue to James O. Blaine.

The pension appropriation bill was completed by the House committee on Pensions yesterday and reported to the House. It carries \$130,342,430, exactly the amount of the estimates as against \$145,240,250, appropriated last year.

The House today considered the Hopkins bill to create a permanent census bureau. While the general sentiment was in favor of a permanent bureau, there was strong opposition to the bill as drawn on the ground that it was not well matured.

Admiral Walker, Chairman of the Isthmian Canal Commission, stated yesterday that he had received a cablegram from the officers of the Panama Canal Company in Paris, making a formal offer to sell all their property in connection with the Panama canal to the United States for \$40,000,000.
